# Health, Safety and Security in Travel

16 June 2021

## The conference

After a year of unprecedented change and continued uncertainty in 2021, ABTA's Health, Safety and Security Conference will return virtually, featuring high quality content streamed live from a custom digital platform. The event will bring together an audience of health and safety professionals from across travel and tourism to understand how to manage the balance between health and safety and COVID-safe protocols in restarting overseas travel programmes.

When travel restarts, traveller and staff safety will be key to restoring customer confidence and industry recovery.

**Are you prepared?** The conference will focus on the learnings that have been identified as a result of the ongoing COVID-19 pandemic and the wider health, safety and security issues that will require your attention when travel restarts. Get a recap on your legal obligations and what you are liable for should something go wrong.

In addition to mainstage sessions and panel discussions, take part in two interactive workshops on key areas of health and safety to further develop practical skills and knowledge. Designed for team members of all levels of seniority, topics include practical guidance on legionnaire's disease prevention, fire safety, food hygiene and business travel risk management. Understand what is meant by 'child safeguarding' and how to respond to and report concerns. Learn how to identify and work with your suppliers on emerging security risks in transportation and additional health and safety risks on escorted tours.

## Benefits of attending

- Get an recap on your **legal responsibilities**
- Hear about **COVID-19 claims** and how to minimise the impact of these on your business
- Listen to an **expert panel** discuss the importance of good health and safety measures in **restoring consumer confidence** in travel
- Understand the **emerging risks** from the Coronavirus pandemic and how to overcome these
- Find out what practical steps you can take to minimise risks in **hotels and resorts**
- Hear about **ABTA's post pandemic recovery guide** – a guide to support the travel industry when making operational modifications as a result of the global pandemic
- Network with colleagues via the **innovative virtual platform**
- Access content **live and on demand** and ask your questions to experts and industry colleagues
